ZISU Customized Program is a short-term tailor-made program that brings together participants from all over the world. This distinctive program offers participants the unique experience to learn and immerse themselves in Chinese cultures in Hangzhou and/or exploring some other cities in China.

ZISU is located in HANGZHOU, the capital of Zhejiang Province. Hangzhou is:

- Renowned for its historic relics and natural beauty with two World Heritage Sites — West Lake and the Grand Canal
- TOP 10 cities in GDP leading in private enterprise and cross-border e-commerce
- Developed public service including public bicycle system, government service, and e-pay.
- With favorable visa policies in innovation entrepreneurship and internship for international students
- Host of G20 Hangzhou Summit in 2016 and Asian Games in 2022
- 180 km from Shanghai (one hour by fast train)

International Experience is crucial for personal and professional development. ZISU has successfully hosted the following customized programs for a few years. It welcomes new creative ideas of cooperation and is ready to host more variety of customized programs.

Chinese Bridge Program (Chinese Language and Culture Immersion Program)
Supported by Confucius Institute Headquarter, since 2013 French student groups were hosted in ZISU campus for a two-week Chinese language and culture immersion experience. In addition to 24 hours of Chinese language instruction based on students’ levels, the program offers students great opportunities to know the Chinese people and culture by organizing lectures and campus activities, planning field trips, arranging host buddy and host family visits on weekends.
Experience China program (a customized program for University of Wisconsin) Since 2012, ZISU has been working with University of Wisconsin-River Falls (UWRF) to run Experience China program to prepare American students to be global citizens and leaders of productivity, creativity, morality and involvement. The program takes place every spring semester in ZISU offering 5 general education courses with Chinese language as the optional one. Most of the courses are instructed by UW faculty from the United States so that students can still earn credits through UW system while experiencing their studies in China.

---

**ZISU offers Intensive Chinese Language courses in three levels:**

- Beginner
- Intermediate
- Advanced

Apart from Chinese Language courses, international students can participate in:

**Host Buddy/ Host Family Program**

International students can apply for Host Buddy or Host Family Program and will be supported by local student or local families. Chinese volunteers can be assigned to international students as language partners to meet regularly for language learning purposes.

**Cultural Events**

At least once a month cultural events such as Calligraphy, Hanfu Experience, Chinese Painting, Lamian Experience and others will be organized by College of International Education.

Each month there will be a series of events of a country/region presented by International students and teachers. Annually all international and Chinese students from ZISU celebrate Festival of Nations together to learn about different countries and take part in a series of fun activities.

---
