

A photograph of a modern office space. Three people are seated at a long white desk, working on computers. The room features exposed brick walls and two large, multi-paned windows that let in bright natural light. The floor is made of dark wood. A blue banner with the text 'Erasplus+' is overlaid on the right side of the image. A yellow vertical bar is on the far left edge.

Erasplus⁺

About us

Erasplus+ with headquarters in Dublin (Ireland) and Valencia (Spain) offers a specialized service in managing international internship experiences, **under the frame of the Erasmus+ Programme** and other similar projects. We already have 8 years of experience in the field. Erasplus+ cooperates with universities in Italy, Spain, Portugal, Germany, the Netherlands, Norway and Turkey. We work mainly with **European start-up companies**, where the level of interpersonal relationship is higher compared to big companies' context.

Our mission

Our mission is to facilitate the introduction of our clients in the labour market and rise their **rate of employment afterwards up to a 68%**. We are doing our best to meet expectations of students regarding their international internships and their experience abroad. As for now more than **more than 700 students** have relied on our service.

We offer

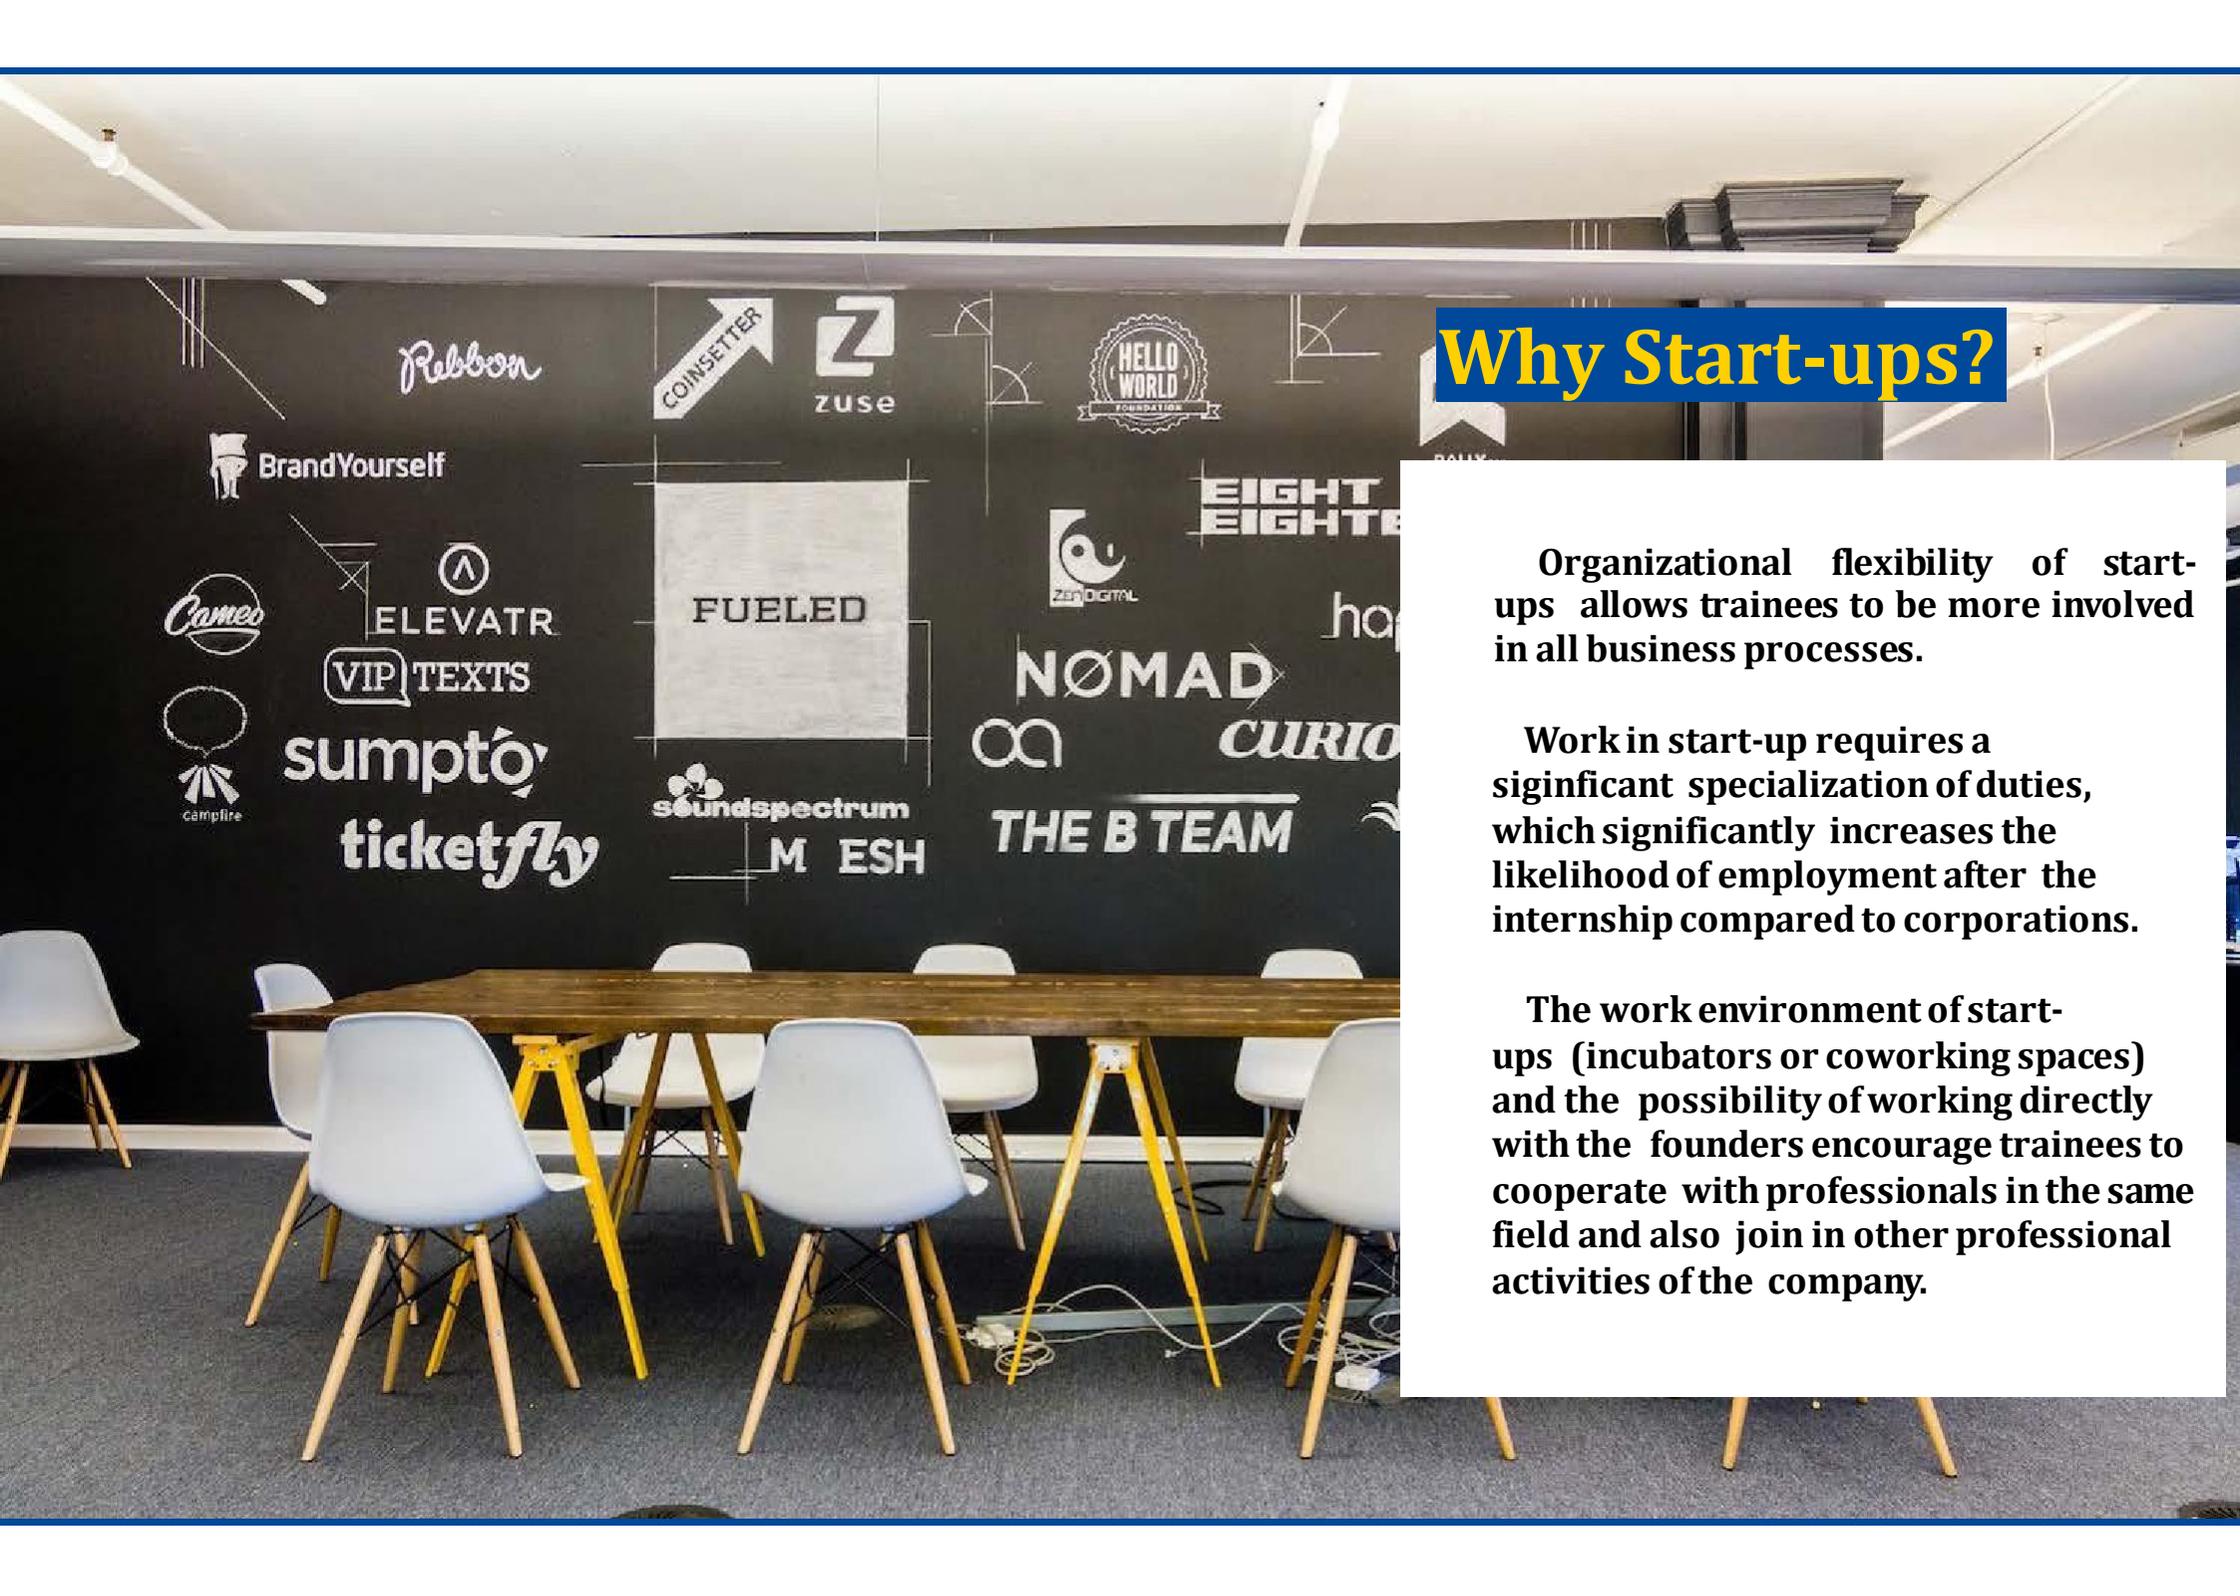

Our service is dedicated to students interested in the following sectors:

- Marketing and communication
- Computer Graphics
- Administration
 - Management
- Business and Finance
 - International trade
 - Architecture
- Tourism and Recreation
 - Hospitality
- Information technology
- Computer Engineering

And more!

Support through the entire recruitment process!

Why Start-ups?

Organizational flexibility of start-ups allows trainees to be more involved in all business processes.

Work in start-up requires a significant specialization of duties, which significantly increases the likelihood of employment after the internship compared to corporations.

The work environment of start-ups (incubators or coworking spaces) and the possibility of working directly with the founders encourage trainees to cooperate with professionals in the same field and also join in other professional activities of the company.
